

Marrying your business with the right account

Select a business current account that suits your needs

If you are one of the 200,000 small and medium enterprise (SME) owners in Singapore, you would know that setting up a company and earning your first dollar is hard work. So how do you make sure your money works hard for you in the bank?

Most business owners choose their current account based on the minimum balance requirements but there are hidden savings to be gained in choosing the right current account.

UOB Business Banking provides businesses with multiple saving points, such as complimentary cheques, rebates on outward remittance charges and more. These savings, accumulated over time, could make a difference to your business costs and bottomline. **PRODUCED BY THE**

TODAY SPECIAL PROJECTS TEAM

UOB Corporate Deposit Card

It's a deposit-only card that lets you or your employees deposit cash into your corporate account securely. Here are some of its benefits:

-  Eliminates the risk of keeping cash in your store overnight
-  Online tracking and reconciliation of cash deposited by employees from all store outlets
-  No PIN or account number required when making deposits
-  No account balance is displayed on screen or on the receipt
-  No restriction on the number of cards issued for each company account
-  No cash deposit fee when depositing at any UOB CDM

[^] Includes the Shared ATM Network.

* Assuming business issues 100 cheques, performs 2 remittance transactions of \$50,000 a month and subscribes to Internet banking services
