

Driving growth through connectivity

IE Singapore – UOB Connectivity Collaboration

A strategic collaboration between IE Singapore and UOB to leverage on each other's global networks and resources to help Singapore companies become globally competitive through trade and internationalisation.

What is the connectivity collaboration about?

Market Connectivity

In-market support and advisory

Financial Connectivity

Customised financing tools and solutions beyond traditional banking products

Trade Connectivity

Trade financing solutions that connect buyers and sellers

Companies can benefit from the following areas:

- Take part in joint outreach programmes and consultation sessions with IE Singapore and UOB's ecosystem partners, who will offer in-market advisory on matters such as company incorporation, tax and regulations.
- Receive advisory on and gain access to a comprehensive suite of banking and finance-related products and services, from cash management, cross-border financing, supply chain financing, to venture debt and other capital market fundraising solutions.
- Participate in trade missions to explore target markets.
- Tap on UOB's global network of more than 500 offices and 9 FDI Advisory Centres as well as IE Singapore's in-market networks to access new markets.
