

As required under MAS Notice 637 and in line with Basel III requirements, **Tables 1 and 2** are mandatory disclosures on Regulatory Capital using prescribed templates.

Table 1 shows the reconciliation between the Group's published consolidated balance sheet and the regulatory capital components. The balance sheet is expanded to identify and map to the regulatory capital components as set out in Table 2 (in the column "Reference").

The scope of consolidation for accounting and regulatory purposes is similar, except for subsidiaries that carry out insurance business are not consolidated for regulatory purpose. The list of the Group's major insurance subsidiaries can be found in the Annual Report. As at 31 March 2015, the total assets or total equities of each of these subsidiaries were less than S\$1 billion.
