## **Announcement**

To: All Shareholders

The Board of Directors of United Overseas Bank Limited wishes to make the following announcement:

## Audited Financial Results for the Financial Year Ended 31 December 2022

Details of the financial results are in the accompanying Condensed Financial Statements.

# Dividends for the Second Half Ended 31 December 2022 Ordinary share dividend

The Directors recommend the payment of a final tax-exempt dividend of 75 cents (2021: final dividend of 60 cents) per ordinary share for the financial year ended 31 December 2022. The final dividend is subject to shareholders' approval at the forthcoming Annual General Meeting scheduled for 21 April 2023.

Together with the interim tax-exempt dividend of 60 cents per ordinary share (2021: 60 cents) paid in August 2022, the total net dividends for the financial year ended 31 December 2022 will be S\$1.35 (2021: S\$1.20) per ordinary share amounting to S\$2,261 million (2021: S\$2,011 million). The dividends will be paid in cash on 12 May 2023. The UOB scrip dividend scheme will not be applied to the final dividend.

Notice is hereby given that the Share Transfer Books and Register of Members of the Bank will be closed on 3 May 2023, for determining shareholders' entitlements to the final dividend. Registrable transfers received by the Bank's Registrar, Boardroom Corporate & Advisory Services Pte Ltd at 1 Harbourfront Avenue, #14-07 Keppel Bay Tower, Singapore 098632, up to 5.00 pm on 2 May 2023 will be registered for the dividends. In respect of ordinary shares in securities accounts with The Central Depository (Pte) Limited ("CDP"), entitlements to the dividends will be computed based on the shareholdings position after settlement of all trades on 2 May 2023 ("Record Date"). The dividends will be paid by the Bank to CDP which will, in turn, distribute the dividend to holders of the securities accounts.

# **Interested Person Transactions**

The Bank has not obtained a general mandate from shareholders for Interested Person Transactions.

# **Confirmation by Directors**

The Board of Directors hereby confirms that, to the best of its knowledge, nothing has come to its attention which may render the audited financial results of the Group for the financial year ended 31 December 2022 to be false or misleading in any material aspect.

# **Undertakings from Directors and Executive Officers**

The Bank has procured undertakings in the form set out in Appendix 7.7 of the Listing Manual from all its directors and executive officers pursuant to Rule 720(1) of the Listing Manual.

Information relating to persons occupying managerial position in the issuer or any of its principal subsidiaries who are relatives of a director or chief executive officer or substantial shareholder of the issuer pursuant to Rule 704(13)

| Name          | Age | Family relationship with any director and/or substantial shareholder  | Current position and<br>duties, and the year the<br>position was held | Details of changes in duties<br>and position held, if any,<br>during the year |
|---------------|-----|---|---|---|
| Wee Ee Cheong | 70  | Son of Dr Wee Cho Yaw,<br>substantial shareholder and;<br>brother of Mr Wee Ee Lim,<br>director and substantial<br>shareholder; and brother of Mr<br>Wee Ee Chao, substantial<br>shareholder. | Deputy Chairman & CEO   | Nil   |

# BY ORDER OF THE BOARD UNITED OVERSEAS BANK LIMITED

Joyce Sia / Theresa Sim Company Secretaries

Dated this 23rd day of February 2023

#### Notes

- 1 Computed on an annualised basis.
- 2 Calculated based on profit attributable to equity holders of the Bank net of perpetual capital securities distributions.
- 3 Excluding one-off expenses.
- 4 Refer to net customer loans and customer deposits.
- 5 Figures reported are based on average LCR for the respective periods, calculated based on MAS Notice 651. A minimum requirement of Singapore Dollar LCR of 100% and all-currency LCR of 100% shall be maintained at all times.
- $6\,\,$  NSFR is calculated based on MAS Notice 652 which requires a minimum of 100% to be maintained.
- 7 Leverage ratio is calculated based on MAS Notice 637 which requires a minimum ratio of 3%.
- 8 Perpetual capital securities are excluded from the computation.
- 9 Public disclosure required under MAS Notice 651 and 653 are available in the UOB website at www.UOBgroup.com/investor-relations/financial/index.html.

#### **Performance Review**

#### FY22 versus FY21

Core net profit for FY22 grew 18% to a new high of \$4.82 billion from a year ago, boosted by strong net interest income and stable asset quality. Including the one-off costs relating to the acquisition of Citigroup's Malaysia and Thailand consumer businesses ("Citi"), net profit was at \$4.57 billion.

Net interest income increased 31% to \$8.34 billion, led by robust net interest margin expansion of 30 basis points to 1.86% on rising interest rates and loan growth of 3%.

Despite credit card fees registering a double-digit growth from higher customer spending and the consolidation of Citi's credit card business, net fee income declined 9% to \$2.14 billion as muted investor sentiments weighed down on wealth and fund management fees.

Customer-related treasury income grew 20%, driven by hedging demands and higher investment activities amid market volatility. This was partly offset by impact on hedges and lower valuation on investments. As such, other non-interest income increased 4% to \$1.09 billion.

Total core operating expenses rose 16% to \$5.02 billion, in tandem with strong income growth, resulting in an improvement of the cost-to-income ratio by 0.8% points to 43.3%.

Asset quality remained stable. Total allowance declined 8% to \$603 million. Total credit costs on loans was maintained at 20 basis points, as the write-back of pre-emptive general allowance cushioned the impact of higher specific allowance.

## 2H22 versus 2H21

Compared with the second half of last year, core net profit increased by 36% to \$2.80 billion. Including the impact from one-off expenses, net profit was 24% higher at \$2.56 billion. Net interest income rose 46% to a new record of \$4.79 billion, driven by 53 basis points uplift in net interest margin to 2.08%.

Net fee and commission income was 13% lower as robust credit card fees were more than offset by softer wealth-management and loan-related fees. Other non-interest income rose 59% to \$716 million on higher customer-related treasury income

With strong income growth and disciplined cost management, the core cost-to-income ratio improved from 44.3% to 42.6%. Total allowance increased to \$288 million, largely due to higher specific allowance on a few non-systemic accounts.

### **2H22 versus 1H22**

2H22 net profit excluding one-off expenses was 39% higher on strong net interest income and other non-interest income.

Net fee and commission income was down 12%, due to seasonal slowdown in wealth-management and loan-related activities. However, credit card fees were at new high boosted by higher customer spends and consolidation of Citi's consumer business. Other non-interest income surged 92% to \$716 million on higher customer-related treasury income as well as exceptional performance from trading and liquidity management activities that benefitted from market volatilities.

Total core operating expenses increased 24% to \$\$2.78 billion while the cost-to-income ratio improved to 42.6%. Total allowance reduced by 9% to \$288 million, primarily driven by the unwinding of pre-emptive general allowance.

### **Asset Quality**

Asset quality remained resilient with NPL ratio stable at 1.6% as of 31 December 2022. The non-performing assets coverage stayed strong at 98% or 207% after taking collateral into account. Performing loans coverage was maintained prudently at 0.9%.

## Capital, Funding and Liquidity Positions

The Group's liquidity and funding positions remained healthy with 2H22's average all-currency liquidity coverage ratio at 145% and net stable funding ratio at 116%, well above the minimum regulatory requirements. The loan-to-deposit ratio was stable at 85.6%.

As at 31 December 2022, the post Citi acquisition Common Equity Tier 1 Capital Adequacy Ratio improved to 13.3%. Leverage ratio of 6.6% was more than two times above the regulatory requirement.

Net interest income for 2022 surged 31% to \$8.34 billion against last year. This was led by robust net interest margin expansion of 30 basis points to 1.86% on rising interest rates and steady loan growth of 3%.

Compared with 2H21, net interest income rose 46% to a new high of \$4.79 billion, driven by 53 basis points uplift in net interest margin to 2.08%.

Against 1H22, net interest income was 35% higher similarly propelled by margin expansion.

In 2022, despite record high credit card fees from increased customer spending and the consolidation of Citi's credit card business, net fee income declined 9% to \$2.14 billion as muted investor sentiments weighed down on wealth and fund management fees.

Customer-related treasury income grew 20% year on year driven by hedging demands and higher investment activities amid market volatility. This was partly offset by impact on proprietary hedges and lower valuation on investments. As such, other non-interest income increased 4% to \$1.09 billion.

Against the second half last year, net fee and commission income was 13% lower as robust credit card fees were more than offset by softer wealth and loan fees. Other non-interest income rose 59% to \$716 million on higher customer-related treasury income.

Compared with 1H22, net fee and commission income decreased 12% largely due to lower loan and wealth fees. Other non-interest income surged 92% to \$716 million on higher customer-related treasury income.

#### Notes:

- 1 Credit card fees are net of interchange fees paid.
- 2 Loan-related fees include fees earned from corporate finance activities.
- 3 Trade-related fees include trade, remittance and guarantees related fees.
- 4 With effect from 1 January 2022, customer-related income from treasury products has been reclassified from fee income to trading income to better align to market practice. Comparatives have been restated accordingly.

Full year 2022 total operating expenses at \$5.28 billion included the one-off costs of \$265 million related to the Citi acquisition. Total core operating expenses rose 16% to \$5.02 billion. With strong income growth and cost discipline, the core cost-to-income ratio improved 0.8% points to 43.3% for the year.

Against 2H21 and 1H22, the cost-to-income ratio also improved to 42.6%, excluding one-off expenses.

| Specific allowance on securities and others | 63    | 28   | >100   | 65    | 46   | 42     | (3)  | >100   |
| Total                                       | 603   | 657  | (8)    | 288   | 275  | 5      | 315  | (9)    |

Total allowance for the full year of 2022 declined 8% to \$603 million. This was largely due to the write-back of pre-emptive general allowance which cushioned the higher specific allowance due to downgrade of a few non-systemic corporate accounts. Total credit costs on loans maintained at 20 basis points.

Compared with the same period last year, total allowance for 2H22 increased 5% to \$288 million, largely attributed to higher specific allowance.

Against 1H22, total allowance fell 9% mainly due to the release of general allowance.

### Notes:

- 1 General allowance refer to Expected Credit Loss Stage 1 and Stage 2 under SFRS(I) 9.
- 2 Specific allowance refer to Expected Credit Loss Stage 3 and purchased or originated credit-impaired under SFRS(I) 9.
- 3 Specific allowance on loans by geography are classified according to where credit risks reside, largely represented by the borrower's country of incorporation/operation for non-individuals and residence for individuals.
- 4 Comprise Mainland China, Hong Kong SAR and Taiwan.

The Group's overall credit portfolio remained healthy, with NPL ratio steady at 1.6% as of 31 December 2022.

91

185

239

The non-performing assets coverage stayed strong at 98% or 207% after taking collateral into account. Performing loans coverage was maintained prudently at 0.9%.

#### Notes

Jun-22

Dec-21

<sup>1</sup> NPL by geography are classified according to where credit risks reside, largely represented by the borrower's country of incorporation/operation for non-individuals and residence for individuals.

<sup>2</sup> Includes regulatory loss allowance reserves (RLAR) as part of total allowance.

#### Note

<sup>1</sup> Comparative segment information for prior periods has been adjusted for changes in organisational structure and management reporting methodology.

### Performance by Business Segment (cont'd)

Business segment performance reporting is prepared based on the Group's internal organisation structure and the methodologies adopted in the management reporting framework. Business segments' results include all applicable revenue, expenses, internal fund transfer price and cost allocations associated with the activities of the business. Transactions between business segments are operated on an arm's length basis in a manner similar to third party transactions and they are eliminated on consolidation.

The Banking Group is organised into three major business segments - Group Retail, Group Wholesale Banking and Global Markets. Others include non-banking activities and corporate functions.

#### Group Retail ("GR")

GR segment covers individual customers.

Customers have access to a diverse range of products and services, including deposits, insurance, card, wealth management, investment and loan products which are available across the Group's global branch network.

Against last year, profit before tax rose 11% to \$1.74 billion in 2022. Excluding one-off costs associated with the Citi acquisition, core profit before tax would have registered a 28% growth. Income advanced 16% to cross the \$4 billion mark, buoyed by wider margin and campaign-led deposit growth, along with stronger card activities fuelled by consumer spending and travel surge across the region, coupled with the maiden inclusion of Citi's consumer businesses in Malaysia and Thailand since November 2022. These were partly tempered by softer wealth income as global uncertainties clouded investor appetite. Core operating expenses climbed 10% largely from revenue-related costs and continued investments in technology, with the one-off costs contributing another 15%. Allowance for credit and other losses receded to \$79 million, supported by regional economic recovery.

Compared with 2H21 and 1H22, profit before tax improved 32% and 16% respectively to \$934 million, as the benefit of thicker margin and an enlarged franchise with Citi eclipsed the subdued wealth momentum and Citi-related one-off costs. Allowance for credit and other losses increased against the first half mainly from the addition of Citi's unsecured portfolio.

#### Group Wholesale Banking ("GWB")

GWB encompasses corporate and institutional client segments which include small, medium and large enterprises, local and multinational corporations, financial institutions, government-linked entities, financial sponsors and property funds.

GWB provides customers with a broad range of products and services, including loans, trade services, cash management, capital markets solutions and advisory and treasury products.

Profit before tax reached a new high of \$4.56 billion in 2022. This represented a strong growth of 38% compared with 2021, boosted by broad-based revenue streams and lower costs of credit, as most of Asia had shown resilience against wide-ranging macro headwinds. Income growth of 23% to \$6.21 billion was powered by margin expansion and higher client activities across investment banking, transaction banking and treasury customer flows. Expenses increased 13% to \$1.54 billion, backed by ongoing investments in people, technology and product capabilities. Allowance for credit and other losses more than halved to \$140 million with the unwinding of pre-emptive general allowance, partly cushioning the higher specific allowance on a few non-systemic NPAs.

2H22 profit before tax of \$2.51 billion advanced 40% against a year ago and 23% against 1H22, propelled by higher margin and lower credit costs. This was partly moderated by tepid loan related fees after stellar performance in the prior periods amid cautious business sentiment, coupled with higher operating expenses to support franchise growth.

#### Global Markets ("GM")

GM provides a comprehensive suite of treasury products and services across multi-asset classes which includes foreign exchange, interest rate, credit, commodities, equities and structured investment products to help customers manage market risks and volatility. GM also engages in market making activities and management of funding and liquidity.

Income from products and services offered to customers of Group Retail and Group Wholesale Banking are reflected in the respective client segments.

Profit before tax in 2022 stood at \$311 million, 19% down from a year ago, with the second half coming in lower than in 2H21 and 1H22. This reflected the impact of funding costs rising faster and steeper than yields on securities, alongside higher expenses primarily from staff and technology. Partly countering this was the doubling of non-interest income, fuelled by stronger performance in foreign exchange and commodity trading on the back of financial market volatility.

#### Others

Others includes corporate support functions, decisions not attributable to business segments mentioned above and other activities, which comprises property, insurance and investment management.

Against 2021, loss before tax more than doubled to \$823 million, driven by valuation headwinds besetting investments and fund management activities amid tumultuous financial markets, coupled with higher operating expenses and general allowance. These were partially cushioned by higher income from central treasury activities.

Loss before tax widened to \$304 million against 2H21 mainly from higher staff expenses and credit costs. Against 1H22, the smaller loss before tax was attributable to central treasury activities which more than offset the increase in operating costs incurred in the second half of 2022.

## Performance by Geographical Segment (cont'd)

Geographical segment performance reporting is prepared based on the location where the transactions or assets are booked. The information is stated after elimination of inter-segment transactions.

#### **Singapore**

Profit before tax in 2022 surged 35% against last year to \$3.82 billion. Net interest income soared 50% to \$4.74 billion, exhibiting franchise strength as one of Singapore's incumbent banks in delivering wider margins amid rising interest rates, coupled with healthy asset growth. Non-interest income displayed resilience, easing only 4% to \$1.92 billion, even as choppy financial markets had dampened wealth and fund management fees throughout the industry. This was buttressed by record levels in card, loan and trade fees amid the reopening of regional borders and economies. Expenses rose 21% to \$2.84 billion, in line with ongoing investments in people and technology although cost-to-income ratio improved to 42.7%, reflecting our measured approach. Total allowance for credit and other losses edged lower to \$99 million, backed by benign credit conditions.

2H22 profit before tax grew 52% year-on-year and 37% half-on-half to \$2.21 billion, propelled by expansion in margin and assets, along with strong uptick in trading income and card fees. These were tempered by slower momentum in wealth and fund management fees, loan fees easing from a higher base, as well as sequential rise in staff costs and general allowance.

#### Malaysia

Profit before tax for 2022 was \$313 million, 43% lower than a year ago mainly due to one-off costs arising from the purchase of Citi's consumer assets. Excluding these costs, core profit before tax declined 6%, owing largely to credit costs in relation to a major, non-systemic corporate NPL. Total income climbed 12% to \$1.28 billion, driven by wider margin, stronger trading result and the addition of Citi's retail business for two months. Core expenses were 18% higher at \$538 million, primarily from staff and revenue-related costs in tandem with the pickup in business activities.

Compared with 2H21 and 1H22, profit before tax narrowed by 75% and 72% respectively to \$69 million, due to one-off costs. Excluding these costs, core profit before tax rose 2% from a year ago and 13% half-on-half, as double-digit income growth, led by net interest and trading income cushioned higher operating and credit costs.

#### Thailand

Profit before tax for 2022 of \$274 million was relatively stable year-on-year but would have been 16% higher, excluding the one-off costs in relation to the takeover of Citi's retail franchise. Total income expanded 9% to \$1.08 billion, augmented by Citi's business consolidated since November 2022. Core expenses rose 11% to \$651 million, mainly from revenue-related and staff costs. Total allowance for credit and other losses receded 19% to \$111 million as the credit environment stabilised.

Against 2H21 and 1H22, profit before tax declined 16% and 42% respectively to \$101 million in 2H22, stemming from higher expenses. Total income of \$594 million registered strong double-digit growth against both periods, boosted by income from Citi's consumer business. Total allowance for credit and other losses was higher half-on-half at \$91 million due to credit costs relating to Citi's unsecured portfolio.

## Indonesia

Compared with a year ago, 2022 profit before tax jumped 45% to \$111 million, driven by income growth and lower specific allowance amid improving macro conditions. Total income inched up 5% to \$603 million on the back of double-digit asset expansion and better margin, partly moderated by softer trading and investment income. Expenses were 7% higher at \$377 million, led by investments to enhance technology/ digital capabilities, alongside higher revenue-related spend.

Second-half profit before tax achieved 68% growth year-on-year to \$57 million, fuelled by wider margin and enlarged assets, negated by slower investment income and wealth fees. Against 1H21, profit before tax recorded a modest 7% lift as net interest income growth was countered by higher expenses and general allowance.

#### **Greater China**

Profit before tax rose 23% to \$583 million in 2022, from stronger income growth and lower credit costs in spite of headwinds of strict pandemic measures and property market. Total income grew 9% to \$1.06 billion on stronger trading income, partly weighed down by higher funding costs. Expenses rose 6% to \$436 million largely from staff costs.

2H22 profit before tax surged 74% from a year ago and more than doubled over the previous half year to \$413 million, primarily from improved credit costs and trading performance.

### Others

Compared with a year ago, profit before tax narrowed 8% to \$683 million in 2022, beset by valuation headwinds on investments. This was partly cushioned by double-digit growth in net interest income, led by margin and volumes. Against 2H21, profit before tax was unchanged at \$381 million as the growth in net interest income and decrease in credit costs were negated by softer trading income. Compared with 1H22, profit before tax was 27% higher at \$381 million, largely spurred by improvement in net interest income and credit costs.

| Total                                      | 16.7%   | 16.4%   | 16.6%   |
| Leverage Exposure                          | 563,583 | 558,189 | 517,243 |
| Leverage Ratio                             | 6.6%    | 6.6%    | 7.2%    |

The Group's CET1, Tier 1 and Total CAR as at 31 December 2022 remained well above the regulatory minimum requirements.

Year-on-year, total capital grew from reserves accretion as well as issuance of perpetual securities and Tier 2 subordinated notes. This was partly offset by higher regulatory deductions arising from Citi acquisition while RWA increased marginally.

The higher total capital compared to 30 June 2022 was largely contributed by earnings, perpetual securities and eligible provisions, partially offset by lower valuation reserves and increase in regulatory deductions. RWA declined mainly due to lower loan base.

As at 31 December 2022, the Group's leverage ratio of 6.6% was comfortably above the regulatory minimum requirement of 3%.

#### Notes:

- 1 Singapore-incorporated banks are required to maintain minimum CAR as follows: CET1 at 6.5%, Tier 1 at 8% and Total at 10%. In addition, the Group is required to maintain CET1 capital to meet the capital conservation buffer of 2.5% and the countercyclical capital buffer (CCyB) of up to 2.5%. The Group's CCyB is computed as the weighted average of effective CCyB in jurisdictions to which the Group has private sector exposures.
- 2 Leverage ratio is calculated based on MAS Notice 637 which requires a minimum ratio of 3%.
- 3 Disclosures required under MAS Notice 637 are published on our website: www.UOBgroup.com/investor-relations/financial/index.html.

# United Overseas Bank Limited and Its Subsidiaries Notes to the Condensed Financial Statements for the financial year ended 31 December 2022

### 1 Summary of Significant Accounting Policies

## (a) Basis of Preparation

The condensed financial statements for year ended 31 December 2022 have been prepared in accordance with SFRS(I) 1-34 Interim Financial Reporting issued by the Accounting Standards Council Singapore. The condensed financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last interim financial statements for the year ended 30 June 2022.

#### (b) Changes in Accounting Policies

The Group adopted the following with effect from 1 January 2022:

- Amendments to SFRS(I) 3: Reference to the Conceptual Framework
- Amendments to SFRS(I) 1-16: Property, Plant and Equipment Proceeds before Intended Use
- Amendments to SFRS(I) 1-37: Onerous Contracts Cost of Fulfilling a Contract

The adoption of these amendments did not have a significant impact to the Group's financial information as at 1 January 2022 and for the financial year ended 31 December 2022. The Group did not restate comparative information.

Other amendments to existing standards that are not yet effective are not expected to have a significant impact to the Group's financial statements.

Other than the above changes, the accounting policies and computation methods applied in the financial statements for the year ended 31 December 2022 are the same as those applied in the audited financial statements for the financial year ended 31 December 2021

#### (c) Critical Accounting Estimates and Judgements

In preparing the condensed financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were similar to those that applied to the consolidated financial statements as at and for the year ended 31 December 2021 but also included significant judgements and key sources of estimation uncertainty in relation to intangible assets.

#### 2 Income Tax

The Group calculates the period income tax expense using the tax rate that would be applicable to the expected total annual earnings. The major components of income tax expense in the condensed consolidated statement of profit or loss are:

|                             |       | Group |      |      |  |  |
|-----------------------------|-------|-------|------|------|--|--|
|                             | 2022  | 2021  | 2H22 | 2H21 |  |  |
|                             | \$m   | \$m   | \$m  | \$m  |  |  |
| Current income tax expense  | 1,242 | 881   | 674  | 450  |  |  |
| Deferred income tax expense | (59)  | (47)  | (15) | (36) |  |  |

### 6 Fair Value of Financial Instruments

(a) Valuation methodology, processes and controls for the period ended 31 December 2022 remained largely similar to that applied in the audited financial statements for the year ended 31 December 2021.

For financial instruments carried at amortised cost, their fair values are expected to approximate the carrying amounts and determined as follows:

- For cash, balances, placements and deposits of central banks, banks and subsidiaries, deposits of customers with short-term or no stated maturity, as well as interest and other short-term receivables and payables, fair values are estimated using the discounted cash flow method:
- For loans and deposits of customers, fair values are estimated using the discounted cash flow method;
- For non-subordinated debts issued and investment debt securities, fair values are estimated based on independent broker quotes: and
- For subordinated notes issued, fair values are determined based on quoted market prices.

(b) The Group classified financial instruments carried at fair value by level following the fair value measurement hierarchy:

- Level 1 Unadjusted quoted prices in active markets for identical financial instruments
- Level 2 Inputs other than quoted prices that are observable either directly or indirectly
- Level 3 Inputs that are not based on observable market data

|  | The Group |         |         |         |         |         |
|--|-----------|---------|---------|---------|---------|---------|
|  |           | Dec-22  |         |         | Dec-21  |         |
| In \$m   | Level 1   | Level 2 | Level 3 | Level 1 | Level 2 | Level 3 |
| Cash, balances and placements with central banks   | 1,615     | 2,495   | -       | 3,576   | 4,818   | -       |

<sup>(1)</sup> Investment securities – debt were transferred out from Level 3 during the year due to an increased contribution of observable input to their valuation.

# (d) Effect of changes in significant unobservable inputs

The effect on fair value arising from reasonably possible changes to the significant unobservable inputs is assessed to be insignificant.

<sup>(2)</sup> Investment securities – equity were transferred out from Level 3 during the year as unquoted securities had been listed on exchange.

#### 7 Debts Issued

| Others                        | 2,461  | 1,234  |
| Secured                       |        |        |
| Covered bonds                 | 7,456  | 7,855  |
| Total                         | 40,593 | 34,056 |
| Due within 1 year             | 20,699 | 16,827 |
| Due after 1 year              | 19,894 | 17,229 |
| Total                         | 40,593 | 34,056 |

Pursuant to the Bank's USD15 billion Global Covered Bond Programme, selected pools of residential mortgages that were originated by the Bank have been assigned to a bankruptcy-remote structured entity, Glacier Eighty Pte Ltd. These residential mortgages continue to be recognised on the Bank's balance sheet as the Bank remains exposed to the risks and rewards associated with them.

#### 8 Acquisition of Consumer Business

On 14 January 2022, the Group proposed acquisition of Citigroup Inc.'s consumer banking businesses comprising its unsecured and secured lending portfolios, wealth management and retail deposit businesses (the "Consumer Business") in Indonesia, Malaysia, Thailand and Vietnam.

On 1 November 2022, the Group completed the acquisition of the Consumer Business for Malaysia and Thailand. The initial accounting and disclosures below have been prepared on a provisional basis based on a draft purchase price allocation prepared at the end of the reporting period. The completion accounts are still subject to review and agreement.

Goodwill of \$570 million has been recognised on a provisional basis, pending the finalisation of the completion accounts and purchase price allocation and intangible asset valuations, by first half of 2023. Goodwill is mainly attributable to the synergies expected to arise within the Group after acquisition. Other intangible assets relate to Citigroup Inc.'s consumer business customer relationships and core deposits.

|  | The Group |
|--|-----------|
| In \$m   | 2022      |
| Loans to customers                                     | 7,514     |
| Other assets   | 476       |
| Total assets   | 7,990     |
| Deposits and balances of customers                     | 4,297     |
| Other liabilities                                      | 1,078     |
| Total liabilities                                      | 5,375     |
| Net assets acquired                                    | 2,615     |
| Goodwill and other intangible assets                   | 770       |
| Cost of acquisition                                    | 3,385     |
| Less: Cash and cash equivalents acquired               | 292       |
| Acquisition of consumer business, net of cash acquired | 3,093     |

The contribution to the Group's revenue and net profit from the consolidation of the acquired Consumer Business from 1 November 2022 to 31 December 2022 was not material.

Once the completion accounts are agreed, the completion adjustment amount will be paid. The purchase price allocation, the intangible asset valuations and goodwill relating to the acquisition, will be finalised.

The completion of acquisition in Indonesia and Vietnam is conditional on obtaining regulatory approvals relevant to each country and in Singapore. It is estimated that completion will take place in 2023, depending on the progress and outcome of the regulatory approval process.

The extract of the auditor's report dated 22 February 2023, on the financial statements of United Overseas Bank Limited and Its Subsidiaries for the financial year ended 31 December 2022, is as follows:

# United Overseas Bank Limited and Its Subsidiaries Independent Auditor's Report for the financial year ended 31 December 2022

#### Independent Auditor's Report to the Members of United Overseas Bank Limited

### Report on the Audit of the Financial Statements

### **Opinion**

We have audited the financial statements of United Overseas Bank Limited (the Bank) and its subsidiaries (collectively, the Group), set out on pages 10 to 100, which comprise the balance sheets of the Bank and the Group as at 31 December 2022, the income statements, the statements of comprehensive income, and the statements of changes in equity of the Bank and the Group and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the balance sheet, income statement, statement of comprehensive income and statement of changes in equity of the Bank, are properly drawn up in accordance with the provisions of the Companies Act 1967 (the Act) and Singapore Financial Reporting Standards (International) (SFRS(I)s) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Bank as at 31 December 2022 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group, and of the financial performance and changes in equity of the Bank for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter, including any commentary on the findings or outcome of our procedures, is provided in that context.

We have fulfilled our responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

#### Areas of focus

## **Expected credit losses**

Refer to Notes 2(d)(vi), 3(i), 12, 21(b), 25, 27(b), 28(d), 30(b) and 31 to the consolidated financial statements.

The Group applies SFRS(I) 9 Financial Instruments requirements to calculate the expected credit loss (ECL) for its credit exposures. The credit exposures are categorised into non-impaired credit exposures and impaired credit exposures.

## a) Non-impaired credit exposures

The ECL calculation for non-impaired credit exposures involves significant judgements and estimates. Areas we have identified which have greater levels of management judgement are:

- the economic scenarios used, and the probability weightages applied to them to measure ECLs on a forward-looking basis, reflecting management's view of potential future economic scenarios;
- the significant increase in credit risk (SICR) criteria;
- the model assumptions; and
- the adjustments to the modeldriven ECL results to address model limitations or emerging trends.

## How our audit addressed the risk factors

## a) Non-impaired credit exposures

We assessed the design and evaluated the operating effectiveness of the key controls over the Group's ECL on non-impaired credit exposures computation processes with a focus on:

- the completeness and accuracy of the data inputs into the ECL calculation system;
- the validation of models;
- the selection and implementation of economic scenarios and probabilities;
- the staging of credit exposures based on the Group's SICR criteria and early warning indicators; and
- the governance over post model adjustments, including the effect of the acquired Citibank consumer banking businesses.

We involved our internal modelling specialists to assist us in performing the following procedures on a sampling basis:

- independently reviewed the appropriateness of ECL model methodologies;
- assessed the reasonableness of the probabilities of default (PD), loss given default (LGD) and exposure at default (EAD) models by performing sensitivity analyses, benchmarking or back-testing; and
- reviewed the Group's assessment of its SICR criteria.

We also reviewed the Group's approach for the selection of economic scenario to assess the reasonableness of the economic scenarios and corresponding weightages applied by the Group, as well as inspected the Group's SFRS(I) 9 Working Group decisions to assess the appropriateness of management's rationale over the post model adjustments and performed a recalculation, where applicable.

| Areas of focus   | How our audit addressed the risk factors   |
|--|--|
| b) Impaired credit exposures   | b) Impaired credit exposures   |
| As at 31 December 2022, the Stage 3 ECL for impaired credit exposures of the Group was \$1,755 million, out of which 80% pertained to the Group  | We assessed the design and evaluated the operating effectiveness of the key controls over the Stage 3 ECL estimation process for the GWB portfolio. These controls included:   |
| Wholesale Banking (GWB) portfolio.   | • collateral valuation and monitoring;   |
| We focused on the Stage 3 ECL for the GWB portfolio as the identification and estimation of impairment within this portfolio can be inherently subjective and requires significant judgements. | • identification of impairment indicators; and   |
|  | MAS Notice 612 credit grading.   |
|  | We considered the magnitude of the credit exposures, macroeconomic factors and industry trends in our audit sampling to focus on customers that were assessed to be of higher risk and for our selected sample of impaired loans, we performed the following procedures:   |
| =  | <ul> <li>assessed management's forecast of recoverable cash flows, including the basis for the amounts and timing of recoveries. Where possible, we compared key assumptions to external evidence, e.g. independent valuation reports of the collaterals; considered and corroborated the borrowers' latest developments through adverse news search and/or publicly available information;</li> </ul> |
|  | checked that underlying data was accurate by agreeing to source documents such as loan agreements; and   |
|  | tested the calculations.   |
|  | Overall, the results of our evaluation of the Group's ECL were within a reasonable range of expectations.  |
|  | 9  |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |
|  |  |

#### Areas of focus

# Valuation of illiquid or complex financial instruments

Refer to Notes 2(d)(ii), 3(ii) and 19(b) to the consolidated financial statements.

At 31 December 2022, 4% (\$4 billion) of the Group's total financial instruments that were carried at fair value were classified as Level 3.

The Level 3 instruments mainly comprised unquoted equity investments and funds, long dated equity derivatives, callable interest rate swaps and unquoted debt securities.

The valuation of Level 3 financial instruments was a key area of focus of our audit due to their financial significance to the Group as well as its susceptibility to a higher degree of estimation uncertainty. The determination of certain Level 3 prices is considerably more subjective as it may require the exercise of judgement by management or the use of complex models and assumptions given the lack of availability of market-based data.

# Impairment of goodwill

Refer to Notes 2(i), 3(iii) and 37 to the consolidated financial statements.

As at 31 December 2022, the Group's balance sheet included goodwill of \$5 billion. The goodwill is allocated to the respective CGUs defined by the Group's operating segments.

This was a key area of focus for our audit because the goodwill impairment test relies on the calculation of the value-in-use (VIU) of each CGU, which involves significant management judgement and assumptions about the future cash flows of the CGUs and the discount rates applied.

#### How our audit addressed the risk factors

We assessed the design and evaluated the operating effectiveness of the key controls over the Group's Level 3 financial instruments valuation processes. These controls included:

- model validation and approval;
- observability, completeness and accuracy of pricing inputs;
- · independent price verification; and
- monitoring of collateral disputes.

In addition, with the assistance of our internal valuation specialists, we assessed the reasonableness of the valuation methodologies, assumptions and inputs used by management for a sample of financial instruments with significant unobservable inputs.

The results of our assessment of the Group's valuation of illiquid or complex financial instruments were within the range of expected outcomes.

We focused on CGUs with a low headroom or significantly reduced headroom. Our work included the following:

- reviewed the appropriateness of the CGU segmentation and goodwill allocation to the CGUs;
- evaluated the forecasting process by reviewing historical achievement of projections;
- assessed the reasonableness of key assumptions used in the forecasts, including the continued uncertainty of the future macroeconomic environment;
- compared the long-term growth rates and discount rates used by management to our ranges, which were determined using external market data and calculations performed by our internal valuation specialists; and
- performed sensitivity analyses to determine the impact of a reasonably possible change in the key assumptions to the VIU calculations to identify any CGU with a risk of impairment.

Based on the results of our audit procedures, the assumptions used by management in its goodwill impairment tests were within a reasonable range of expectations.

#### Other Information

Management is responsible for the other information. The other information comprises the Directors' Statement (but does not include the financial statements and our auditor's report thereon), which we obtained prior to the date of this auditor's report, and the other sections of the annual report (Other Sections), which are expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Other Sections, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors and take appropriate actions in accordance with SSAs.

### Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

# United Overseas Bank Limited and Its Subsidiaries Independent Auditor's Report for the financial year ended 31 December 2022

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Bank and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Wilson Woo Siew Wah.
